

TOP QUALITY BEANS FROM TOP OF THE WORLD

ABOUT US

Our mission at HimCafe Brew is simple - bring to the world the highest quality coffee beans grown at the optimum altitude and climate, in the mountains of Nepal. Our organically grown coffee is an outcome of sustainable farming that empowers the largest farmer coffee cooperative in Nepal.

HIMCAFE BREW - THE HIMALAYAN SPECIALTY COFFEE

The combination of location (800-1600 meters above sea-level), a dry and cold climate, unique soil properties and the varied biodiversity of the youngest mountain on the Earth, enriches our coffee with distinct aroma and refreshing Himalayan fragrance. As a product of farmer owned cooperative and with a focus on total quality management and superior bean grading technology, we continue to produce the best tasting coffees in Nepal. We provide:

HARD ROAST (HR)	Roasted at 250 C (482 0 F) is for the Coffee lover who wants that very rich cup of Coffee
MEDIUM ROAST (MR)	Roasted at 220 C (435F) is for the Coffee lover who wants that superior-bodied cup of Coffee
LIGHT ROAST (LR)	Roasted at 210 C (410 F) is for the Coffee lover who wants that optimum-bodied cup of Coffee
